The DINGHY Series

The DINGHY Series is launched with 2 models. Both the DINGHY 200 and 240 have a complete inflatable floor and keel. Although set at a very competitive price, these boats continue to sustain QUICKSILVER quality, including the thermo-seams process and a top quality PVC fabric. These two new models are likely to be adopted by individuals on vacation, anglers and, why not, children who want to have fun near the shore.
