

McNETT OUTDOOR

SEAMGRIP® Seam Sealant

Product Information

SEAMGRIP™ is a waterproof, flexible urethane formula for use in repairing surfaces or sealing seams of natural and synthetic fabrics, waterproof laminates, leather and vinyl. SEAMGRIP may be used to repair all types of waders and footwear, neoprene, PVC, rubber, and more. Concentrated and waterproof, SEAMGRIP offers excellent adhesion, long lasting flexibility, superior traction and abrasion resistance, with minimal shrinkage.

In just a single application SEAMGRIP forms a permanent bond, thereby creating a waterproof seal where fabric or materials are folded, repaired, stitched or joined. SEAMGRIP is an excellent in-field repair material for moderate rips, tears, holes and other areas of abrasion. Packaged in an easy-to-use tube, SEAMGRIP may be applied directly from the tube or by using the provided brush. A 1 oz. tube of SEAMGRIP will seal the inside floor and fly seams on an average 2 person backpacking tent or make multiple repairs on outdoor items and garments. Easy to apply, SEAMGRIP is used by itself, or with Seam Excel for a dry time of two hours.

Uses

Repairs moderate rips, tears holes and other symptoms of wear permanently.
Seals seams on tents, tarps, backpacks, inflatable mattresses, and other outdoor products.
Provides excellent and permanent adhesion with natural or synthetic fabrics and materials.

Characteristics

Waterproof
Superior abrasion resistance and traction
Long lasting flexibility with virtually no shrinkage
Stretches over 100% with no loss of strength or adhesion
Unaffected by temperature extremes and ultraviolet exposure

Physical and Chemical Properties

Physical form: Viscous, transparent liquid
Odor: Slightly aromatic
Specific Gravity: 1.0
Solubility in water: Negligible
Chemical stability: Stable
Flash Point: 68°F

Additional Product Information (SeamGrip 1 oz.)

Model : 10510
UPC: 0 21563 10510 0
Case Size: 24
Retail Package: Hanging blister card
Dimensions: 5" X 8" X 1"
Weight: 1.9 oz.

Standard Pack

Quantity: 24
Dimensions: 8 ¼" X 10 ¼" X 6 ½"
Weight: 3 lb., 2 oz.
Cube: .31

Master Carton for Hazardous Shipping

Quantity: 240
Dimensions: 23 ¾" X 13 ¾" X 22 ¾"
Weight: 34 lbs.
Cube: 4.3
